Mr. Howe made an announcement that the Public Hearing scheduled and noticed for May 5th had been cancelled. He noted that the Planning Board will meet May 5th to conduct any other business it may have.

Mr. Howe stated that the Goshen Conservation Commission (GCC) had arranged for tonight's speaker to appear and that the Planning Board was a proper venue for the topic related to land use. He introduced Sandy Sonnichsen of the GCC.

Ms. Sonnichsen gave a brief introduction on the evening's topic, the Comprehensive Shore land Protection Act (CSPA), and then introduced Jason Aube, NHDES.

Mr. Aube used a Power Point presentation to explain the CSPA. He provided an overview of when permits were required for activities under the CSPA. At the end of his presentation he fielded questions and offered his contact information for anyone wanting additional information. A copy of his presentation will be posted on the Planning Board section of Goshen's Town website for people to view or download.

Mr. Aube may be contacted by email at: jason.aube@des.nh.gov. Since he travels a lot to give presentations, email is the most efficient way to contact him.
